

The image shows the interior of the Wellcome Collection, a multi-level space. The upper level is a mezzanine with a black metal railing and a wooden handrail. The railing is decorated with the names of scientists: BOERHAAVE, HALLER, PINEL, HUNTER, JENNER, DARWIN, BERNARD, MENDEL, VIRCHOW, and LINGAI. Three large, white, bowl-shaped pendant lights hang from the ceiling. The lower level features a prominent red carpeted staircase with wooden handrails and several light blue patterned cushions. A round clock hangs from the ceiling above the stairs. The room is filled with bookshelves, display cases containing various objects, and a wooden table with chairs in the foreground. Large windows provide natural light to the space.
